It's no longer news that Baba Jorotom Omotosho summoned the elders of this great church to give account of their stewardship and to tell the entire members of the church what they have done with several millions of naira that have gone down the drain under the current leadership. Note, the use of the word 'leadership', it is all encompassing in this regard and not referring to anyone in particular.

Well, today, 7<sup>th</sup> of March, 2017 has been penciled for their appearance at the anti-fraud unit of Special Fraud Unit, SFU, Milverton, Ikoyi, Lagos but as we gathered, the Spiritual head of the church has been unavoidably absent. The reason is because he's said to still be attending to some spiritual matters at Agogue where the church went for the 13<sup>th</sup> annual ceremony.

Another reason why he has not appeared at SFU, inside source revealed, is that he is said not to be disposed to issues relating to fraud since he has nothing to do with account, so he expects those who are directly involved with the financial issues of the church to do the needful before he returns to the country.

Well, we will be giving you the outcome of their visit to Milverton today. Let us keep praying for our dear church and leaders. There are talks though that those some elders are already sending emissaries to Jorotom to withdraw the case and meet with the elders to settle it amicably. We shall keep you posted as event unfolds.
